About Me

I am a dedicated third-year Software Engineering undergraduate with experience in website design as a freelance web developer. My passion for website design, combined with my academic background, has led me to pursue a career in software engineering. I have worked alongside the RAF to develop a data management solution using PowerBI for 20 Squadron, where I gained knowledge in lean start-up methodology and project requirement interviews. I live local to Whiteley and drive.

Education

University of Portsmouth (2020 - Present)

BSc Hons Software Engineering

Expected Grade: 2:1

My degree focuses on web application development, data structuring, database management, computer architecture, and development team management. I have also studied machine learning concepts and neural networks.

Skills obtained:

- Agile development team collaboration
- Clean, maintainable, and modular coding
- Multiple programming languages:
 - JavaScript
 - PHP
 - SQL (PostgreSQL, MySQL)
 - HTML5 & CSS
 - Python (limited)
 - C# (limited)
 - C++ (limited)
- Neural networks and machine learning techniques

- Project workflow management and client communication
- Advanced mathematics

Fareham College (2017 – 2019)

IT Practitioners Level 3 Extended Diploma

Overall Grade: Distinction, Merit, Merit (A, B, B)

King's School Winchester (2013 – 2017)
